David: ORS would still like Armstrong to complete additional moves to complete the impact study. I am informed Armstrong has completed one move this week and has another scheduled. ORS would respectfully offer to again provide either the impact study or an additional update in two weeks.

Thank you,  
 Alex

David: ORS is preparing an impact study in connection with Armstrong Transfer's application in this docket. Due to Armstrong being an out-of-state company with relatively few in-state moves, ORS anticipates requiring an additional two weeks for Armstrong to complete sufficient moves for ORS to file the impact study. ORS will provide either the impact study or an update in two weeks.

To ORS Attorneys:

We understand that ORS is preparing an impact study on this proposed tariff amendment request. I am checking in to get an idea as to when we might see the study filed, so as to better determine when the matter might be scheduled for a vote at a Commission Agenda meeting.
